SKILLS IN PROGRESS

-  React Native
-  Redux

EDUCATION

LE WAGON

450-hour intensive full-stack development challenge
2017

KING'S COLLEGE LONDON

BA French with English (2:1 with distinction in oral French)
2012-2016

BRADFORD GRAMMAR SCHOOL

A Levels (A in French, History and English)
AS Levels (A in Spanish)
2011-2012

ACHIEVEMENTS

- Interviewed Nicolas Cary about Blockchain
- Won 'Best Website' at Le Wagon
- Best typing speed 110 wpm
- Single-handedly ran an agency for a week due to unforeseen circumstances
- Won scholarship to a coding school

I am a design-oriented front-end developer with back-end Ruby-on-Rails understanding. I absolutely love learning new techniques and technologies in my free time. I'm open to a creative role that will challenge me and allow me to learn something new.

LEAD (FRONT-END) DEVELOPER | BRANDO MEDIA

April 2017 - Present

- Responsible for front-end development of all websites
- Work with a variety of platforms and frameworks including Wordpress and Shopify
- Co-ordinate and work with external back-end team for large database-driven applications (clients include Diary Directory)
- Work closely with the creative director to produce comprehensive designs, user journeys and site maps

FRONT-END TEACHING ASSISTANT | LE WAGON

August 2017

- Was asked back to my old coding school to be a teaching assistant for front-end development
- Helped students to understand core front-end concepts and design techniques (focusing mainly on modern CSS3 techniques e.g. flex box and CSS grids)

FRONT-END DEVELOPER | FREELANCE

March 2017 - April 2017

- Sole front-end developer on two main projects - a charity website and a web portfolio for a Grime duo
- Design and development

LEAD FRONT-END DEVELOPER | SPORTL

February 2017 - April 2017

- Designed web application for locating nearby sports events and teams
- Responsible for designing UI and UX as well as coding entire front-end

STUDENT | LE WAGON

January - March 2017

- 9-week intensive coding bootcamp focused on Ruby-on-Rails
- Used MVC patterns to create web applications with user databases
- Structured databases using ActiveRecord and PostgreSQL
- Worked as a team using Git to create fully responsive sites
